President Considers, Then Drops Plan to Send Envoy to Stalin

By JOHN M. HIGHTOWER
WASHINGTON, Oct. 8 (AP)—President Truman was reported tonight to have planned—and then canceled—a sensational radio announcement that he was sending Chief Justice Fred M. Vinson to talk with Premier Stalin in an effort to end the Berlin deadlock.

Reds Asked By Argentina To End Fight

PARIS, Oct. 8 (AP)—Argentine Foreign Minister Juan Bramuglia talked privately with Andrei Y. Vishinsky today in a desperate bid for a face-saving compromise between East and West on Berlin. An Argentine source said "the negotiators are going along perfectly."

After his secret conversation with the Russian deputy foreign minister, Bramuglia scheduled a night meeting with another Soviet leader, Dmitri Z. Manuilski, foreign minister of the Soviet Union.

However, this meeting was postponed because of the illness of Manuilski, Argentine sources said. They indicated it would be held later, possibly tomorrow.

Bramuglia pushed his peace efforts as Secretary of State George C. Marshall was quoted by the American embassy as saying "if there ever was in time of peace, a threat to peace," it is the Berlin blockade.

The embassy said Marshall told a group of labor leaders of Western Europe that there had been a long series of provocative acts since last March in Berlin and that "almost any one of these acts—30 years ago—could have been the basis for a serious breach."

DEWEY FAVORS AID FOR HOUSING

Federal Help to Clear Slums Is Advocated By New York Governor

By The Associated Press
Governor Thomas E. Dewey came out last night for Federal housing aid in an address in New York City.

Dewey said that the slums must be eradicated, and that when Federal housing aid is required, it must be provided on a "realistic, practical basis."

Meanwhile, President Truman in a speech at Buffalo, N. Y., said that the Republicans have concluded that their record on the important issues of the day is "so bad that they can't even discuss them."

MR. TRUMAN REPEATEDLY has called for Federal financing of public housing projects and has blamed Congress for not sanctioning it.

The President said the two big questions troubling most Americans are: war or peace? Hard times or prosperity?

He said he was returning to Washington today to talk with Secretary of State Marshall about "constructive and peaceful solutions of our problems abroad" and expected to leave tomorrow.

Local Firemen Called As Stove 'Backfires'

Firemen were called to the home of Mr. and Mrs. Susan E. Glenn, 631 Betch street, at 1:20 o'clock yesterday afternoon, when an oil stove backfired.

Neither the Philadelphia Steam Fire Engine company nor the Empire Hook and Ladder company went into service, however.

They said Mrs. Glenn was lighting the oil stove, and had overloaded it. The combination of too much oil and, heavy, humid air from the chimney forced the flames out the bottom and sides of the stove.

Mrs. Glenn shut the stove off immediately and there was no explosion.

The call for the firemen came in over the central exchange in borough hall.

Local Man Is Fined, Sent to Jail For Part in Bookmaking Business

NORRISTOWN, Oct. 8.—A Pottstown man was among seven gamblers who paid fines and drew jail sentences after they pleaded guilty to bookmaking charges before Judge Harold G. Knight today.

Alfred Buccaglia, 34, of 55 High street, Pottstown, was ordered to pay a fine of \$100 and serve 15 days in the county prison when he admitted that he was an employee of a bookie room in Conshohocken when it was raided by State police on July 14.

Dick Embold's dad is a pilot. But that's only one reason why he and his mother Mrs. Richard Embold, 513 North Charlotte street, are looting the piggy bank for an Airport Fund donation. The four-year old knows that a good Pottstown airport will benefit him when he grows up whether he is a flier or not. The bank yielded \$142.

Cyclist Again in Crash, Tossed 30 Feet Off Road

A Pottstown RD 2 motorcyclist, who was knocked from his cycle two weeks ago on Penn street when it struck a man, was thrown nearly 30 feet through the air last night after his cycle tipped a front fender from a car on Route 100.

Walter D. Roadcap Jr., the 23-year-old cyclist, told North Coventry Chief of Police Daniel W. Guldin after the accident at Tiltow's Corner at 11 40 o'clock that he may sign a reckless driving complaint against the car's driver.

Roadcap who escaped with a cut on his left leg, said the 1935 sedan made a "hazy wagon" right hand turn toward Cedarville road.

Roadcap swung outside the car, believing at first it was turning left, he asserted and was trapped when it swung right. Both vehicles were going south.

Borough-Wide Rally To Cause of Airport Brings Added \$127

Men and women from all walks of life, fliers, non-fliers and even a four-year-old yesterday chipped in to the airport fund—127 big dollars and 93 cents. That's a lot!

Unconcerned over whether or not they personally will benefit directly from a modern, well-equipped airport these contributors realized only that it is to Pottstown's ultimate good to have an air terminal.

They knew that when the entire community gained, they stood to gain, too.

Their dollars—YOUR dollars—are necessary if Pottstown is to have that airport.

For, without the contributions of "little guys," Pottstown will not be able to advance the required \$1500 it must put on the line before State and Federal governments will release \$72,000 earmarked for improvements at Municipal airport, Stowe.

The stalwart citizens who have contributed—and you, when you contribute—someday will be able to go up to the heights near Stowe, see a busy, well-built, modern airport and say to yourself, "I have my share in what is here."

Gloomy Skies Expected To Remain Over Weekend

Yesterday was the fourth continuous day of generally nasty weather and today was predicted to keep the record intact. Clouds and the same temperatures were forecast.

More cloudy weather is expected tomorrow.

Borough Faces Exhaustion Of Its Borrowing Capacity

COUNCIL TO GET PLEA FOR LOAN ON STREET WORK

Short-Term Financing Favored by Committee To Complete '48 Repairs

Council will be asked to approve a short-term loan, at its Monday night meeting, for funds needed to complete the 1948 street improvement program.

This decision was made last night by members of council's finance committee, who went over the figures for both the repair and maintenance of existing streets and for the construction of new thoroughfares.

The money will be borrowed only as it is needed, it was decided, to keep interest costs down.

Earlier, Gerald J. Dalv, chairman of the highway and sewer committee, had declared that his \$110,000 budget for road repair and maintenance had been cut for roads built to serve new housing developments.

At last night's finance committee session, members estimated that approximately \$7000 had been taken from Dalv's budget, and that it would be repaid.

They pointed out that \$18,000, earmarked for a shovel for the borough, had not been spent, and was available for road work.

CHAIRMAN ALLEN K. Davidheiser asked Borough Manager Dow I. Sears to prepare a breakdown of the cost of old and new street work for the year, to be presented at the next committee meeting, in order to prepare for future work.

Sears estimated last night that the construction of new streets alone would cost \$106,000, for these housing projects under way now or definitely planned for the near future.

About half of that amount will have been spent at the end of this year, he said.

Borough Engineer William A. Griffith proposed, "We should begin to consider laying concrete roads in the center of town, on a foot-front basis. They would be easier to maintain and would be kept cleaner."

The burgess joined committee members in pointing out that the borough "is suffering growing pains" and that the construction of new roads for new housing projects was "vital" to the town.

At the same time, C. Roy Bush, president of council, asserted, "We shouldn't make the people living here for 20 or 30 years pay taxes for new roads where the borough is expanding, while they have to keep on waiting for improvements in their own neighborhoods."

BEFORE THE GROUP began the discussion of the borough's road problems, it approved a letter from C. Edmund Wells, who is fighting the borough's case in an attempt to collect more than \$12,000 in license fees from Pottstown's two motion picture houses.

Wells, former borough solicitor, who appealed the case before the State Superior court in Philadelphia the past Wednesday, said his fee would be one-third of the amount recovered if the borough won the case.

If the borough lost, however, he (Continued on Page Three)

Man Freed Of Assault On Policeman

By Staff Correspondent
NORRISTOWN, Oct. 8.—After deliberating almost seven hours, a jury of 12 women returned a sealed verdict today acquitting Henry J. Strunk, 57, of 556 Walnut street, of assault and battery against Pottstown Patrolman Thomas Corum.

But the jury ordered Strunk to pay the costs of prosecution.

"I think it is a proper verdict," declared Judge Harold G. Knight.

"I hold no brief for what the police officer did in this case," the judge added, "but that was a matter between him and those other people, not between him and the Commonwealth."

THE ORDER TO pay the costs was in line with a request of Assistant District Attorney Thomas Waters made at the end of the brief trial.

Strunk was arrested the past April 7 after Corum's request that Strunk restrain a daughter from annoying a young woman resulted in a scuffle. This ended with the patrolman hitting Strunk with a blackjack.

Corum said after the arrest that when he was talking with the children accused of annoying the young woman, Strunk came to his front door and said, "Don't pay any attention to him."

The jury retired Thursday at 2:30 p. m., and placed its sealed verdict in an envelope at 9:10 p. m.

Lindauer Wins Contest For Eagles' Presidency

Richard E. Lindauer defeated Donald S. Fillman for the post of president of the Pottstown Eagles Home association last night in the biggest election ever held in the borough group lodge.

The totals were: Lindauer, 372; Fillman, 290.

The results of the election, which saw nearly all favored candidates sweep into office, were not announced until the completion of a special home association meeting at 2:45 o'clock this morning.

The greatest majority rung up was by Daniel S. Drumheller, president of the association for the past eight years, who swamped Harvey L. McVey in the race for secretary—471 to 178.

The lone upset was scored by Paul Sell, who won as one of five house committee candidates, without endorsement from a prominent group of members who had publicized their vote.

Earl W. Riemer tallied 413 votes to become treasurer, defeating Robert D. Sasseman.

Earl T. Walker, running unopposed, was named vice president.

Other officers elected were: Lester L. Hunsberger, inside guard, trustees, Charles D. Brensinger, Sharpless Galloway, Utah W. Hoffman, Leonard Sweeney and Francis Scholz.

House committee, George C. Graham, Warren W. Hoffman, R. Edwin Kirk, Paul Sell, Anfin A. Solberg.

The new president of the association is borough fire chief. The treasurer is assistant postmaster and a man who has held the treasurer's post for the past 15 years.

The association has approximately 1700 members.

Pottstown Board's Quota Boosted To 16 in Pre-Induction Draft

Pottstown's Board 110 must send 16 draft-eligible men to Reading for physical examination next Friday, instead of the eight originally scheduled.

This was learned yesterday when the State Selective headquarters directed its 175 draft boards to double the number for October examinations.

At the same time, the headquarters in Harrisburg fixed the draft quota at 596 men. The November quota is 638 men.

The Pennsylvania headquarters said the action was necessary because certain States, which already had begun the pre-induction physicals, have found that approximately six registrants must be called up to obtain one qualified man.

Pottstown's group will report to the Army recruiting station in Reading. The eligibles are single, non-veterans most of whom are in the 25-year age bracket.

The State headquarters added that the ratio of those called to those chosen would become smaller as men in the younger age groups are reached.

Sewage Plant Order Would Impose Strain

By ED ROSENBERG
(Mercury Staff Writer)

Pottstown faces the near-exhaustion of its borrowing capacity when the State orders the borough to build a secondary sewage disposal plant.

Throughout the Commonwealth, cities and towns that empty their sewage into a river have been ordered to construct the plants in connection with Pennsylvania's clean stream program.

As he reviewed the many borough projects now under way, many of them financed by bond issues, Borough Manager Dow I. Sears declared: "We're in good financial condition now, but if we have to build this plant at our own expense, without any assistance from the State or Federal government, we'll exhaust a good part of our borrowing capacity."

Currently, bond issues up to approximately \$107,000 may be floated by council alone and \$480,000 may be borrowed if the voters approve in a special ballot.

HERE IS HOW the debt limit is figured.

The borough has an assessed valuation, as of the past July, of \$15,750,895.

Two percent of that amount may be borrowed by council alone, while a total of five percent may be borrowed through a special vote.

But of that seven percent, about half already is borrowed.

The cost of the secondary disposal plant now is estimated as high as \$400,000 or more than 80 percent of the amount borrowable by a popular vote.

WHEN THE BOROUGH is forced to build the plant, and borough officials have the problem of financing it, they will have a choice of two types of bonds.

The first, a revenue bond, is not chargeable against the town's debt limit. The water company bond is of this type, being paid for by dependable revenue from the department of the borough for which it is planned.

But a revenue bond for a sewage disposal plant could not be approved now, since there is no sewer tax in Pottstown, and no source of direct income available to pay off the bond.

Imposition of a sewer tax upon the citizens of Pottstown would be necessary if a revenue bond were decided upon.

But if the ordinary municipal obligation bond were used, Sears pointed out, it would be charged against the town's debt limit—and it probably would leave very little borrowing capacity for the immediate future.

IN NOVEMBER, 1945, Pottstown was notified by the State that it would have to construct the auxiliary plant.

Several meetings were held by councilmen, and the Philadelphia engineering firm of Albright and Friel was engaged to draw up the plans.

These plans, costing an estimated \$5000 to \$10,000, are expected to be completed and to be approved by the State by December.

The primary disposal plant, built in 1931 for approximately \$400,000, an estimated half or less of what it would cost now, removes up to 95 percent of the solids in the town's sewage.

What remains is chlorinated until the bacteria content is within allowed limits.

Council Action Halted On One-Way Traffic For Evans Street

An ordinance establishing north-bound traffic only on Evans street from South to Oak streets will not come before council for a final reading Monday night.

This was decided last night at a meeting of council's police committee.

Chairman J. Max Gresswell declared, following the brief, closed session of his group, that the ordinance would be held up for two reasons.

One was that the closing of the Washington street bridge over the Reading railroad company tracks had complicated traffic conditions.

Second was that Carson C. Potter, secretary-treasurer of the Lincoln Underwear Mills at Evans and Water streets had pointed out that establishing the one-way rule would add to traffic congestion in the area, especially when industrial plants nearby were chugging shifts.

Reds Urge U. N. to Resume Work on Atom Control Plan

Bolton Awaits Arraignment In Shooting of CIO Leader

DETROIT, Oct. 8 (AP)—Carl Bolton, a small-time union official, today awaited arraignment on a charge of trying to kill Walter P. Reuther, president of the CIO United Auto Workers.

Recorder's Judge Christopher E. Stein signed a warrant accusing the 39-year-old ex-convict of assault with intent to kill. Conviction carries a maximum penalty of life in prison.

Also cited in the warrant were two unidentified persons. Prosecutor James N. McNally indicated they were not now in custody.

McNally said Bolton probably would be arraigned next Tuesday, and given his first chance to answer the charge. In statements to police, the slim, mustached defendant has denied any knowledge of the assassination attempt.

REUTHER, 46, was shot April 20, in the kitchen of his home by someone lurking outside beneath a window. A shotgun charge nearly tore his right arm from his body. He is recovering, however.

Bolton formerly was vice president of the UAW-CIO's local 400 at the Highland Park plant of the Ford Motor company. He was defeated for re-election 18 months ago.

A Reuther spokesman said Bolton never was regarded as an active foe of the red-haired labor leader in the often bitter internal politics of the big 1,000,000-man union.

No motive for the shooting ever was made public.

Bolton, with a previous criminal record, was arrested Sept. 4, at Hammond, Ind., in connection with the burglary of a CIO co-operative store in Pontiac, Mich.

He was questioned about the Reuther case on the basis of statements made to authorities by two convicted burglars in the jail where he was being held.

McDowell Denies Attacking Indictments Against U. S. Reds

NEW YORK, Oct. 8 (AP)—Rep. John McDowell (R-Pa.) today denied he had told reporters that indictments of 12 Communist leaders were "deliberately" drawn so they would not stick.

McDowell made the denial in a telegram to U. S. Attorney John F. X. McGohery, who three times has asked McDowell to come here and testify before a grand jury to back up his reported statement. McDowell agreed yesterday to appear Monday.

As a result of the telegram, McGohery wired the Congressman that "it will not be necessary for you to appear."

McDowell, a member of the House un-American activities committee, said in his telegram to McGohery that "I said no such ridiculous things and no reporter on earth can testify that I did."

McDowell held a news conference in Washington, Sept. 29, with representatives of press associations and other reporters present.

He gave the reporters a typed statement which said in part:

"I have knowledge of the fact that the indictments of 12 prominent Communists in New York were drawn in such an unusual legal

fashion that competent constitutional lawyers who have examined the indictments are of the opinion that the 12 indicted persons are not only practically certain of not being punished for their crimes against the American people, but that future decisions on this matter may endanger the entire security of the nation by destroying some of the necessary laws it now has."

PARIS, Oct. 8 (AP)—Russia urged the United Nations General assembly today to put its Atomic Energy commission back to work on the "crux of the whole matter"—prohibition of atomic weapons.

Soviet delegate Jakob Malik made the request in a sub-committee of the assembly's political committee which began work on a resolution covering three reports by the commission.

The last report formally notified the assembly of the 12-nation commission's decision May 18 that "no useful purpose" would be served by continuing its work because of differences between the Soviet Union and the United States and other powers over international atomic control.

Russia said at the beginning of the current assembly session she would withdraw her previous demand that prohibition of all atomic weapons precede any central atomic control plan. Instead, Soviet Deputy Foreign Minister Andrei Y. Vishinsky said the USSR would be willing to consider twin agreements on stopping the making of these weapons and controlling atomic energy.

Malik's request for the commission to resume its work apparently meant it should be on the basis proposed by Vishinsky.

Malik said the Soviet delegation wants the commission to continue its work "in the direction shown" by General assembly resolutions of Jan. 24, and Dec. 11, 1946, which he said made destruction of atomic weapons an "urgent task."

U. S. Seeks to Clarify Ban On Envoy Travel

WASHINGTON, Oct. 8 (AP)—The State department said today the American embassy in Moscow is seeking clarification from the Soviet government of restrictions on the movements of American and other foreign diplomats in Russia.

The restrictions, the department said on Monday, had the effect of confining foreigners to "Moscow city limits."

B36 Bomber Soon Capable Of Great Range

CARSWELL AIRBASE, Fort Worth, Tex., Oct. 8 (AP)—The Air Force proudly showed its newest and largest operational bomber today, the mammoth B36, which can put the world in its bombights.

General George C. Kenney and other officers of the strategic air command, the bombing outfit trained to fly wherever the United States has bases, discussed the super warplane during a daylong program that included a tour of the Consolidated Vultee production line and flights over Texas for some 70 writers.

Kenney said within a year the B36 range will have been stretched to 12,000 miles with five tons of bombs.

It was learned a 10,000-mile mission is in prospect which may take the plane from the East coast to Honolulu and return. In another year, the flight may go from New York to Tokyo and back.

One Killed, 33 Hurt as Soldiers Battle Striking French Miners

PARIS, Oct. 8 (AP)—Spreading violence broke out in France's Communist-called five day old coal strike today and one person was killed and 33 injured.

The strike spread to ports and railroads, and the government ordered coke oven operators back to work, under threat of fines and jail terms if they refused.

Most prolonged fighting was in Micoeville, near Nancy, where 300 troops battled striking coal miners with clubs and tear gas for five hours.

THE TROOPS FOUGHT into the Micoeville steel mill which had been occupied by striking coal miners. But the strikers finally recaptured the mill. Eight soldiers and two strikers were injured. Truman, Marshall May Talk Of U. S. Policy Towards Spain

WASHINGTON, Oct. 8 (AP)—Nations assembly and Security Council meetings in Paris.

The question of relations between the United Nations and Spain is one of the subjects on the agenda for the assembly. It also is reported to have figured in recent talks Marshall had with British Foreign Minister Bevin and French Foreign Minister Schuman.

There has recently been increasing pressure for a modification of the partial political boycott maintained against the regime of Generalissimo Francisco Franco.

Marshall is due to arrive from Paris by plane about 10 a. m. tomorrow. Mr. Truman cut an Eastern campaign trip short so he could talk with his secretary of state.

WHEN THE WHITE HOUSE announced that the President was calling Marshall home for consultation, Press Secretary Charles G. Ross said that Mr. Truman wants a first-hand account of the great issues which have come up at the United

Candlelight Service Marks Investiture Of School Officers

Imposing candlelight services, held in the auditorium of the Pottstown Junior High school, yesterday marked the installation of student council officers.

The investiture ceremony, conducted by Vernon H. W. Dessenberger, principal, was highlighted by remarks from the Rev. A. Burtis Hallock Jr., pastor of the First Presbyterian church.

To initiate the program, Charles Daniels, president, lighted a white candle signifying leadership. He was followed by Vice Presidents Jacob Kessler and Willis Bricegan, who lighted red candles which represented the joy and strength received from student council work well done.

Joan Becker, secretary, lighted the golden candle representing service. Paul Dallas, treasurer, the silver candle representing trust, and Philip Lang, reporter, the blue candle signifying wisdom and trust.

Representing all the home rooms, Joan Enay lighted a violet candle.

PRESIDENT DANIELS, after the candle ceremony had been completed, gave a short talk on the duties and responsibilities of the council.

The Rev. Hallock, speaking of a person's hidden talents, stressed that one of the duties of a council representative was service to his fellow man.

He showed how real hidden treasure is to be found in education, stating that the benefits of education are real life treasures.

Dessenberger closed the program with final remarks about the conduct of student council, emphasizing that it should be represented seriously and well with each member making at least one important contribution.

town police also charged him with driving without his glasses contrary to a restriction of his license.

The youth told Chief Guldin that his regular glasses "flew off" after the crash. His driving goggles were recovered, and he was continuing his hunt for the regular glasses.

The fender of the car was hanging on by a half foot of metal and its running board was smashed. The cycle's front was dented and its headlight smashed.

The cars passengers included James Hoffman, Pottstown RD 1; Raymond Moyer, 716 Mintzer street, and Robert Bartho, Pottstown Landing.

'vable State limits. This milky fluid, then is flushed into the Schuylkill river.

BUT WITH THE State's river clean-up program now under way, towns along streams will be required to put nothing more obnoxious than a clear, pure liquid into the waters.

The second sewage disposal, which would be a separate structure near the present plant, would take the milky fluid from the primary plant and remove the remaining solids from it.

It also would put the residue from the primary plant through a process of filtration, removing all bacteria from it, and casting into the Schuylkill river a colorless, odorless, germ-free liquid.

Some cities in the State have already been ordered to start the construction of their secondary plants," Sears pointed out yesterday.

"There's no telling when we might receive our orders here. We anticipate them any time."

AS THINGS STAND now, the State will pay a portion of the engineering fee for the designing of the plant, but has not authorized the payment of any part of the heavy construction costs.

Through borough associations of the State, an attempt is being made to have the State underwrite part of the costs of the secondary plant, Sears explained.

This problem will come up for an airing Thursday night, Oct. 28, when Pottstown as well as other boroughs in the county, sends representatives to a meeting of the Montgomery County Boroughs association in the Spring-Ford Country club, near Roversford.

100 View Free Movies In Lutheran Church Here

A full-length movie show, which might have retailed for 50 cents per head, last night was shown free to 100 persons, 80 of them youngsters, in the Sunday school rooms of Transfiguration Lutheran church.

The feature was a comedy, "Private Affairs," released in 1945, starring Hugh Herbert and Robert Montgomery. A cartoon and zoo short followed.

The showing was the first of a series to be given every Friday night until Lent, except Christmas and New Year's eves.

The projector was operated by Francis Donnon, recreation director, and the show was sponsored by the church's athletic association. Robert and Jack Scheffey, Sunday school teachers, were in charge. Next week the feature will be a western.

pressed the belief that prayers for peace will be answered.

DEWEY'S NEW YORK City appearance was, incidentally, part of a tribute to Alfred E. Smith, Democrat who ran for the presidency and lost to Herbert Hoover in 1928.

Speaking at ground-breaking ceremonies for the Alfred E. Smith housing project, Dewey said: "We will not be satisfied until the curse of slums and tenements is lifted from every American family and every American child."

THE LAWYER'S SON

This is a picture of a lawyer's son beginning his studies in *corpus juris*.

Father has won many a case on the legal points and precedents he gleans from these books. But Junior is not going to be so successful in his legal research. He doesn't know what he's looking for... even if he did, he wouldn't know how to find it!

Purpose and Method! These are what Junior lacks. And purpose and method are essential, not only to research, but to LIFE. There are no more tragic figures on earth than the men and women who have found neither purpose nor method in living.

The Church can help our youngsters discover the spiritual truths which give PURPOSE to life. And the Church can train them in the beautiful METHOD of living which Jesus Christ taught men.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

New Lift-Type Disc Harrow
TWO OLD FARMING PROBLEMS—transporting disc harrows and controlling depth of the harrow in the field—have been solved by the application of hydraulic power. Pictured above is the new lift-type, rigid-frame, tandem disc harrow described as a new and completely modern design by engineers at Dearborn Motors Corporation, Detroit. Flexibility of gangs is eliminated and gangs are set permanently at the most effective working angle of 20 degrees. The new lift-type harrow requires hydraulic lift. Harrows are lowered to the ground by a hydraulic cylinder. The lift-type harrow can be transported in its own chassis and drive away.

Mrs. E. F. Yarnall Elected to Committee At State Convention

Mrs. Eugene S. Smith was among a committee of four which presented the platform adopted by members and delegates at the convention of the Pennsylvania Congress of Parents and Teachers which closed recently in Scranton.

Included in the platform were provisions that equitable taxes to maintain a superior system of education be sought; teachers pay should be increased to attract the best in the profession; that the re-employment system be revised and the ban on hiring married teachers be eliminated.

They also recommended that the teacher tenure plan be maintained, that satisfactory relations be established between teachers, school boards, parents and the general community. They stated that education should be a continuous process from early childhood through adulthood.

Further in line of teaching, the delegates said that nursery and kindergarten classes be equally as important as regular classes. They believed that audio-visual education should be stressed and that opportunities be developed for the exceptional child.

At the post board meeting of the board of governors, Mrs. Edwin F. Yarnall was elected chairman of finance and budget for the State congress.

The next convention will be held in Philadelphia.

Included among those who attended from Pottstown and vicinity were: Mrs. William Hampton and Mrs. Joseph Whaler, Central PTA; Mrs. Harold Roha and Mrs. Joseph Hurschler, Rupert PTA; Mrs. John McGowan, Jefferson PTA; Mrs. James Johnson and Mrs. Harold Boyer, Lincoln PTA; Mrs. William Scherer, St. Clair PTA; Mrs. Carl Keller, Pottstown Junior High PTA; Mrs. Lawrence Belman, North Country PTA and Mrs. Robert Frederick, Pine Forge PTA.

Camera Highlights of First Three World Series Games

With cap in hand, Masi of the Boston Braves is shown legging it over the plate in the eighth inning to make the only run in the first game of the World Series. The opener, played in Braves field, Boston, turned out to be a pitcher's battle with the Cleveland Indians' pitcher, Feller, holding the Braves to two hits. Holmes' single brought in Masi.

Officially opening the 1948 World Series between the Boston Braves and the Cleveland Indians in Boston, former Secretary of State James Byrnes shows that he can toss as he throws out the first ball. At left is Happy Chandler, the baseball czar.

His Boston Brave teammates rush up to congratulate pitcher Johnny Sain after the first World Series game at Braves Park, Boston, when he held the Cleveland Indians to a mere four hits. Until the eighth inning, when Masi scored a single run on Holmes' single, it was a terrific pitcher's battle.

Gene Bearden, Cleveland's ace rookie southpaw, chalked up his third victory in a week when he shutout the Boston Braves, 2-0, in the third game of the World Series in Cleveland. The young southpaw gave up only five hits and didn't allow a single base on balls. Besides pitching the Indians to victory, Bearden doubled in the third inning to set up the first run and then singled in the fourth inning when the Indians scored their second run. Bearden beat Detroit the past Saturday to clinch at least a tie for the pennant and then defeated the Boston Red Sox in a playoff game to give the Cleveland team the championship.

Cap in hand, Phil Masi crosses the plate for the only run of the game as Boston defeated Cleveland's Indians, 1-0, in the first game of the World Series at Boston. Masi was inserted into the game as a pinch-runner for Bill Saikeld after the latter had walked and moved to second on a sacrifice. After a close call at second when Bob Feller tried to pick him off, Masi scored on Hommy Holmes' single.

Warren Spahn, the losing pitcher in the second game of the World Series as Cleveland defeated Boston's Braves, 4-1, admires his new son, Gregory, in Boston. Spahn says his son will be another pitcher for the Braves in 1949.

Vern Bickford (above), Boston Braves' star rookie pitcher, lasted only four innings against the Cleveland Indians in the third game of the World Series at Cleveland. The Indians scored once off him in the third inning and then worked him for another run on a walk and three straight singles before he was relieved by Bill Voiselle.

Al Dark, Braves' shortstop, reaches for the bag as he dives safely back to first base in third inning of second World Series game between Boston and Cleveland at Braves field, Boston. First baseman Eddie Robinson of Cleveland whiffs too late to make tag after taking throw from Indians' catcher Jim Hegan. The Indians won, 4-1, to even the series at one game apiece.

Billy Southworth, manager of the Boston Braves, hugs General Manager John Quinn after the Bostonians had defeated the Cleveland Indians, 1-0, in the first game of the 1948 World Series in Beantown.

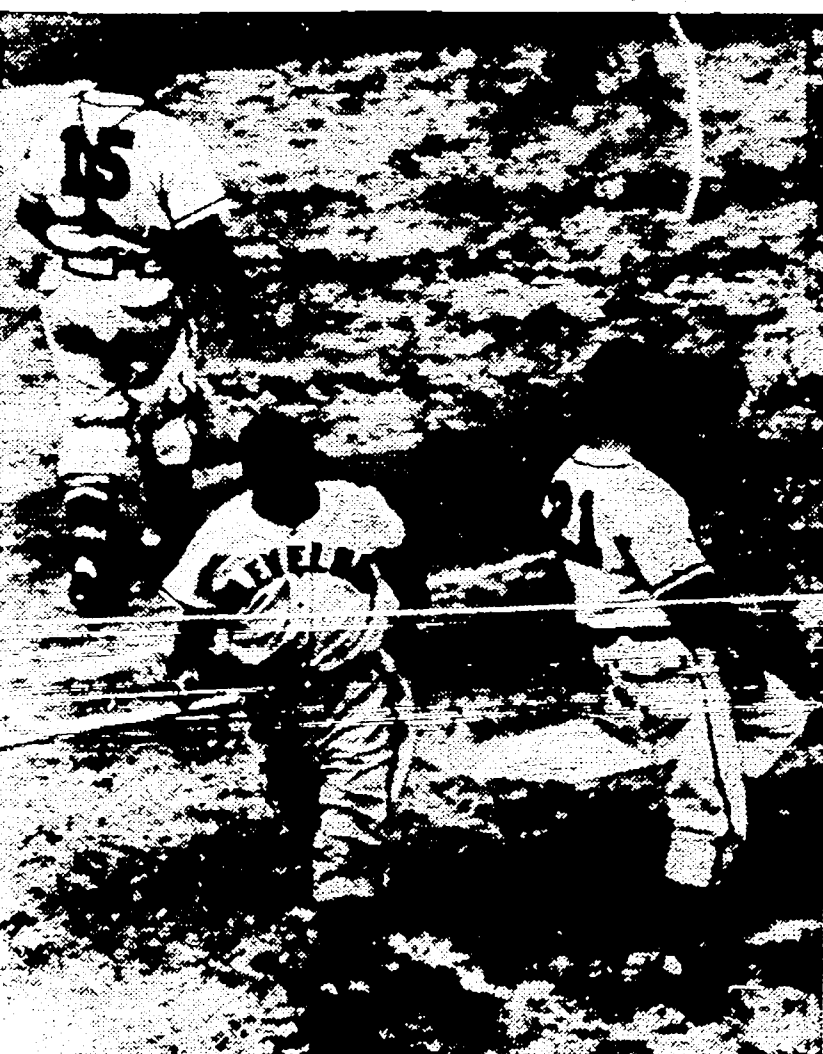

Cleveland's Mayor Thomas A. Burke chats with Cleveland Indian wives Mrs. Gene Bearden (left) and Mrs. Dale Mitchell at Hotel Kenmore in Boston before the opening game of the 1948 World Series between the Indians and the Braves.

Jeff Heath, Boston Braves' outfielder who broke his leg in a recent National league game, arrives via wheelchair to watch the third World Series game between the Braves and the Cleveland Indians in Cleveland stadium. Heath will have a box seat in the front row for all World Series games. Heath's wife is accompanying him to all games.

Bob Lemon (center), Cleveland pitcher, gets pat on back from Bob Feller (right), who lost two-hitter in Series opener, and a handshake from Manager Lou Boudreau (left) as he leaves Braves field, Boston, after beating Boston, 4-1, in second game of World Series.

Getting the Cleveland Indians under way in the fourth inning of the second World Series game, Lou Boudreau knocked out a double to right field and is shown scoring on Gordon's single to left. In this game, played at Braves field, in Boston, the final score was 4 to 1. It was Boudreau who made possible the tying run, after the Braves got away to a 1 to 0 start in the first inning.

Here is sequence camera's record of successful pickoff play by Cleveland Indians in first inning of second World Series game at Braves field, Boston. Top left: Earl Torgeson starts back to second as shortstop Lou Boudreau waits for throw from pitcher Bobby Lemon. Top right: Torgeson leaps to come down on the bag and Boudreau puts ball on him. Bottom left: Umpire Bill Greve calls the out as the men collide. At bottom right Boudreau lands in the dirt as Braves' Torgeson begins to get up after play. Cleveland won, 4-1.

This crack quartet, pictured during a practice session at the Boston Braves' home field, is the Cleveland Indians' regular infield and represents one of the biggest threats to the National league champion World Series, both offensively and defensively. From left to right are: first baseman Eddie Robinson, third baseman Ken Keltner, shortstop-manager Lou Boudreau and second baseman Joe Gordon. Four players hit 97 home runs this season.

Two unbeaten grid teams, Norristown High's Eagles and Pottstown High's Trojans, clash this afternoon on Franklin Field in the No. 1 non-conference grid tussle on the scholastic weekend schedule.

Kickoff time of today's game is scheduled for 2:15 o'clock.

The Eagles' record shows an 18-6 conquest of Radnor and a 13-12 victory over Overbrook, while Pottstown boasts a 26-0 win over Upper Merion and a 46-0 rout of Bristol High.

Pottstown High officials said yesterday that they are expecting a throng of 6000 fans to witness the grid tussle on the North Franklin street gridiron.

Today's game marks only the third time Norristown has ever come to Pottstown for a football game. The Eagles came here in the early 1920s for the first time, and then came back up the Schuylkill to absorb a 34-0 defeat in 1946.

The Trojans have beaten the Eagles twice since football relations between the two schools were started 45 years ago. The Trojans won their first game from Norristown in 1944 by a 14-6 count, and then came back two years later for a 34-0 triumph. Norristown has won 29 games.

Today's game will be the 32d fray between the two teams.

THE EAGLES come to town with another strong team. Some Norristown High officials have rated this year's Norristown team as the strongest grid squad in the county-seat for the past ten years.

Coach Chris Pappas will start four sophomores, two juniors and five seniors against Pottstown today. The Norristown grid mentor has molded a strong offensive attack from the single and double wing formations that tripped Radnor and Overbrook in the first two games this year.

The Norristown offensive attack centers on fullback George Williams. Williams is a passer with deadly accuracy and paced the Eagles to victory in their first two games this year. It was Williams who led the Eagles to an easy 22-6 triumph over the Trojans the past year.

COACH HERB MEYERS said yesterday he will make no changes in his starting lineup today. The same team that started against Bristol the past week will open today's tussle with the Eagles.

Bus Silver and Carl Bodolius, two big linemen who were nursing sore legs, have recovered and will start this afternoon. The only regular who will have to sit this one out is Dave Towers, who just returned to school a few days ago after a short illness.

Stan Krasowski, a junior, will take over Towers' position as center. If Pottstown kicks off today, Joe Axsmith will start at center and will do the kicking. Reports from both football camps indicate a passing duel this afternoon. The Eagles passed their way to victory in the first two games of the season. Against Overbrook, the Eagles attempted 16 passes and completed eight for 118 yards.

The Trojans didn't do much passing in either of their first two games, but Meyers was working on passing offense during the week and the sky may be filled with passes this afternoon.

Falcon Eleven Seeks First Win Against Marple-Newtown Foe

Strengthened by the return of quarterback Joe Ciori, West Pottsgrove High school's Falcons will leave the friendly atmosphere of their home field today in an effort to embark upon the victory trail at Marple-Newtown.

Ciori, regular quarterback, was injured during the West Reading game and missed the Spring City tussle which the Falcons dropped by a 44-14 the past Saturday.

Today's game will be the first away from home for the Maroon and White and the charges of Coach Bill Gohean are hoping that they can turn the trick. The Falcons haven't won a game at home for the past two years.

In Marple-Newtown, West Pottsgrove will find a formidable foe which gave North Coventry several anxious moments before bowing, 7-0, the past Saturday.

There will be three switches in the West Pottsgrove lineup. The changes today will find the Diener Brothers, Gerald and Henry, holding the center and right guard slot respectively while Jess Baro has been moved back to end.

Boyertown, Norco Elevens Meet in 9th Football Game

Boyertown High's Bears come to North Coventry this afternoon for their ninth grid tussle with the Wildcats. The kickoff is scheduled for 2 o'clock.

The Boyertown-Norco series was started nine years ago when Bob Fleming left his post as athletic coach at Norco to take a similar job at Boyertown. When Fleming started coaching football at Boyertown, the Wildcats were added to the Bear schedule.

Of the nine games played to date, Boyertown has won four and Norco has won two. Two games have ended in ties.

The Bears will be hoping to avenge the past year's 13-0 defeat at the hands of the Wildcats. This year, Boyertown has won one and lost one. Boyertown handed the Bears an 18-6 defeat in the season's opener, but Fleming's crew came back the past week to smother West Reading, 34-7.

The Wildcats will be looking for their straight win today. In their first two games, Norco whipped Collegeville, 32-0, and edged Marple-Newtown, 7-0.

Both coaches announced last night that all their players are in good physical condition. Norco will be playing without the services of Gary Buckwalter, who suffered a broken leg in practice; but Coach Bill Pao-lantonio said that position is filled.

Today's tussle will be the final non-conference tilt for Boyertown until the Thanksgiving Day tussle with East Greenville. The Bears are a member of the Berks Football conference and are trying to finish higher than their third place spot of a year ago.

Southpaw Bearden Limits Braves To Five Hits as Cleveland Tribe Cops 2-0 Win in 3d Series Game

CLEVELAND, Oct. 8 (AP)—Cheered on by a tumultuous home town crowd packed into huge Municipal stadium, Southpaw Gene Bearden, purple heart Naval hero, pitched a brilliant 2 to 0 victory over the Boston Braves today in the third game of the 1948 World Series.

In sending the American league champions out in front, two triumphs to one, in the big play-off, Bearden allowed only five hits scattered over as many innings and himself scored the deciding run of the game after powering a long double to right field in the third inning.

The shutout was the second pitched since the series opened two days ago in Boston. Johnny Sain stopped the Indians, 1-0, in the starter—the spectacular duel in which Bobby Feller lost a two-hitter.

Vern Bickford, rookie right-hander, gave up both Cleveland runs before he was derailed in favor of Bill Voiselle with the bases loaded in the fourth. Voiselle and Red Barrett, who hurled the final frame, allowed the Tribe only one hit the rest of the way, a harmless single by Larry Doby in the seventh.

AN AMAZING feature of Bearden's great performance was the fact he was pitching his third vital game in seven days. Only the past Saturday the tall southpaw shut out Detroit here to keep the Indians in the torrid American league finish, and on Monday in Boston he beat the heart out of the Red Sox in a sudden-death playoff for the pennant.

His control was so superb today that he issued not a single walk. He struck out four, and toward the last the Braves were so desperate for any kind of a hit that they were bunting to lead off an inning. That worked no better than anything else.

Bearden, who was wounded in the fighting in the Pacific and is a well patched-up athlete, permitted only four balls to be swatted to his outfielders. He handled six chances himself as the Boston batters topped his down-breaking curves into the turf.

LACK OF CONTROL led to Bickford's downfall, just as it did to

that of his teammate, Warren Spahn, in yesterday's game at Boston. The rookie issued five passes while he was in there, and one of them led to Cleveland's second run in the fourth inning.

For two frames the Indians futilely swung at the youngster's slants, and it wasn't until Bearden rocketed off the right field wall with one out in the third that the crowd had anything to cheer about.

Apparently rattled by the blow, Bickford walked Dale Mitchell on five pitches to bring up Doby. Cleveland's fleet Negro centerfielder, and then it happened.

DOBY SLAPPED a hard ground-er down to little Eddie Stanky at second, and the latter wheeled and, snapped to Alvin Dark, Braves' shortstop, for a forecourt. Dark, in his anxiety to complete a double play, pegged high over Frank McCormick's noggin at first, and Bearden easily dug on around to score.

It was the third error for Dark in the past two days, and it was rough on his fellow rookie Bickford. But the righthander averted the final blow off until the next inning.

He opened the fourth by serving his fifth walk to Ken Keltner. Walt Judnich, Cleveland right fielder, struck out, but Big Ed Robinson followed with a single to left and catcher Jim Hegan jammed a safety into center to propel Keltner across. When Bearden followed with a short shot into left to fill the sacks, Bickford was replaced.

Everson Methodist Church to Celebrate 150th Anniversary Starting Tomorrow

Everson Methodist church will celebrate its 150th anniversary tomorrow with the first of three special services.

Guest preacher at the 10:45 a. m. service in the church will be Dr. W. Vernon Middleton, executive secretary, board of home missions and church extension.

At 2:30 p. m., there will be an organ recital and fellowship hour, while the evening service at 7:30 o'clock will be addressed by the Rev. P. Wesley Bare, of Giga Moore.

For the convenience of visitors, the Women's Society of Christian Service will serve lunch in the church hall at 12:30 p. m.

IN CONNECTION with the anniversary, the Rev. Alexander B. Davidson outlined the history of the Everson church.

The founders were a small group that met in the farm house of Elijah Bull in the year 1798. During the first years, services were held in the homes and barns of members.

Two circuit preachers, the Rev. William C. Chandler and the Rev. David Higby, agreed to include Everson, then known as Springfield, in their circuit.

A Methodist society was organized formally in 1801, with Bull as class leader.

At a cost of \$800, the first church was built in 1861 on ground that now is part of the cemetery. The present church was built in 1867 at a cost of \$10,000, with members contributing much of the labor and material. It was dedicated the following year.

The parsonage was built in 1872.

TWELVE MEMBERS of the church have entered the ministry. Their combined years of service in the ministry are more than 400.

In 1945 the church was made a fulltime pastorate. It now operates on an annual budget of \$3700.

Members of the Penn Village Tenants' association will hold their third meeting in the Penn Village community hall at 2 o'clock this afternoon. Allen D. H. Field, president, announced yesterday.

Field said the group will hold a business session to discuss plans for the future. One of the topics for discussion will be an event planned for the entertainment committee.

Members of the committee are Mrs. S. Rubrecht, Mrs. A. Molettess, Mrs. Carl Kuterbach, Mrs. H. Field, Mrs. E. Goswelin, Mrs. Eva Keen, B. Wright, and William Price.

Two Pottstown men, William S. Yonkovich, 422 Cherry street, and Charles L. Michener, 559 Lincoln avenue, have enlisted in the U. S. Navy for three years, Chief Charles Ackerman Jr., of the Navy recruiting station, announced yesterday.

Yonkovich, a former sergeant in the Army, enlisted as a seaman. He served with the Army in the occupation of Austria.

Michener is the 17-year-old son of Mr. and Mrs. Robert M. Michener. He enlisted as a seaman recruit.

Ackerman also announced that the local Navy recruiting office in the YMCA will be open each Tuesday from 10 a. m. to 2:30 p. m. It formerly was open Wednesdays.

One-year enlistments now are available for 18-year-old enlistees in the U. S. Navy under the Selective Service Act of 1948, Ackerman said.

At the end of 1947, more people owned more life insurance than at any other time in U. S. history.
